

It's easy enough to be pleasant  
When life flows along like a brook,  
But the husband worth while  
Is the one who can smile  
When his wife has to act as cook.

## FUNERAL OF MR. DAVIS

Largely Attended By Sorrowing  
Friends—Beautiful  
Service.

The funeral of all that was mortal  
of the late Thomas A. Davis took  
place Friday afternoon from his late  
residence at 2:30 o'clock.

Revs. F. W. Harrop, of Latonia, and  
W. B. Campbell, of the First M. E.  
church, South, were in charge of the  
services, Rev. Harrop delivering the  
funeral sermon. His remarks were  
timely, eloquent and paid high tribute  
to the sterling worth of the deceased.

The services were largely attended  
and the floral offerings were many and  
handsome.

The burial was in the family lot be-  
side that of his wife.

## SOCIETY NEWS.

Miss Florence Dodson entertained at  
a dance Friday evening in honor of  
her house-guests, Misses Catherine  
Shotler, Louise Medlah, Treva Bus-

at Beechwood Park was beautifully  
decorated for the occasion and the  
Maysville Saxophone Trio furnished  
splendid music. The guests enjoyed  
a merry evening, which culminated  
with a delightful supper. Miss Dod-  
son is a most charming hostess and  
is a great favorite in the social set.

## DAM NOTES

Interesting Items Gathered At Lock  
and Dam No. 33.

The work on the dam, which has  
been held back somewhat by the high  
water, is now progressing rapidly,  
and the contractors hope to soon make  
up for the lost time.

The cofferdam has been completed,  
all three sides being filled with the  
sand filler, and the top being cemented  
so as to hold the filler in and pro-  
tect it from the elements.

The narrow-gauge railway track  
that has been laid on the cofferdam  
makes a complete circle of the big  
cofferdam and is equipped with all the  
features of a modern railway, such  
as switches, Y's and spurs. It is about  
half a mile long and touches every im-  
portant part of the work.

Sand has been piled both on the in-  
side and outside of the dam, to relieve  
some of the tremendous pressure and  
even with this help some seepage of  
water can be seen. Although it does  
not amount to much, it causes a great  
amount of extra work for the big  
pumps.

The pile drivers are moored next to  
the dam and reach over the walls with  
their hammers to drive piles on the  
inside of the dam. In order to drive  
the piles straight, immense casings  
have been made for the weights so as  
to make them hit the piles squarely.

The C. & O. railroad has placed a  
large amount of new ballast on their  
tracks about the dam in order to hold  
the tracks during high water.

Electric wiring can be seen every-  
where at the dam and each shack has  
as good light as it is possible to have.  
The big central power works supply  
all the current needed.

The engineers have built a bridge  
over Bull Creek, which facilitates the  
work, as before the bridge was built  
the deep ravine was almost impossible  
to cross.

The dredges which have been dig-  
ging at the sand bar above this city  
have made very deep holes in the river  
and swimming at this point is conse-  
quently very dangerous. Every one  
it should be extremely careful when  
bathing near this bar.

## POLICE COURT.

Judge Whitaker had several lotter-  
ers before him and gave them the pen-  
alty. He is in sympathy with the po-  
lice in their effort to clean the town  
of all loitering. Here is Friday's  
menu:

Frank Caudale, disorderly conduct,  
\$6.50.

George "Hogan" Gilbert, disorderly  
conduct, \$6.50.

Martin Fultz, disorderly conduct,  
\$6.50.

William Wilson, who was arrested  
Thursday by Officer Fizer for being  
drunk, is a paralytic and the Judge  
had mercy, giving him \$10.50 and then  
cancelled the fine, providing he would  
shake the dust of this city from his  
feet. William agreed and beat a hasty  
retreat.

## BOLD ROBBERY

Unknown Man Steals Into House and  
Takes Valuables.

This morning about 2:15 o'clock, an  
unknown man entered the residence of  
Mr. Wood Bramel, of Forest avenue,  
taking a pair of Mr. Bramel's trousers,  
which had \$8 in them, and a pair of  
nose glasses. The robbery was the  
most daring that has occurred in some  
time. Mr. Bramel had just gone to  
bed about ten minutes before the crime  
was committed and was all but asleep  
when the thief entered the house. The  
person who committed the offense was  
very cunning, no doubt a professional,  
and before entering the dwelling  
placed a porch chair that was stand-  
ing on the back porch near the win-  
dow and quietly lifted the sash.  
After removing some tin pans and  
other articles that he thought would  
make noise, he entered the kitchen,  
and with the use of his flashlight made  
his way into the bedroom. Seeing  
Mr. Bramel in bed and his trousers on  
the chair beside the bed he grabbed  
them and made his escape through  
the open window.

Mr. Bramel was too surprised to  
give pursuit, but notified the police at  
once. Officers Fizer, Bloomhoff and  
Stewart were at the scene of the rob-  
bery in a short time but were unable  
to find any clue.

## Charged With Stealing Watch and Money.

Friday evening Chief of Police  
James Mackey arrested William  
Reed, aged 22, of Cincinnati, on the  
charge of stealing a watch and some  
money from William Barvill, of  
Smoky Hollow. Reed, it is said, en-  
tered the house about 3 o'clock Fri-  
day afternoon through a window. He  
was seen by a woman named McEl-  
fresh, who told him no one was at  
home, and Lula Wilburn and her  
brother, Bland, who live on the hill  
above the house, called to him, telling  
him that he had no business in the  
house.

Reed did not pay any attention to  
them, but entered, and it is claimed,  
jammed the front door lock so that it  
could not be used. He then went to a  
trunk in the room and using a screw-  
driver, broke the trunk open, taking a  
watch and some money, after which he  
made good his escape.

Chief Mackey, after making the ar-  
rest, turned him over to Constable  
James McNamara, who placed him in  
jail. In searching him a key was  
found which opened the trunk, and  
several articles that it is known were  
in the trunk. Reed denies all knowl-  
edge of the affair. He will probably  
be given a trial Monday before Squire  
Bauer.

## FRUIT NOTES

Spraying For Codling Moth Should  
Be Done Between the First  
and Fifteenth of July.

Where bitter rot appears, bordeaux  
mixture should be used. The two  
sprays may be combined.  
Bitter rot develops on the half-  
grown and mature fruit. Numerous  
small brown rotten spots appear on  
the fruit. They may make a large  
rotten spot, tapering from skin to  
core and often with a bitter taste.  
Unless steps are taken to control the  
troubles mentioned, good clean fruit  
need not be expected.

A. M. CASEY,  
County Agent.

## GOING TO THE GAME SUNDAY!

All the baseball lovers of this vi-  
cinity are expected to be at the ball  
game Sunday between the Maysville  
Regulars and the Cincinnati Emeralds.  
This game will be exceedingly fast, as  
both teams are about evenly matched.  
The Regulars will be strengthened by  
a catcher imported from Cincinnati,  
who, it is claimed, is hard to beat. The  
game will be called at 2:30 o'clock.  
Everybody will be there. Will you?

## MASON COUNTY HEALTH LEAGUE.

The annual meeting of the Mason  
County Health League will be held  
Wednesday, June 15. The afternoon  
session at 2:30 will be held at the  
Elks' Hall; the evening session at 8  
o'clock, at Beechwood Park. Dr.  
Whittenberg, Jefferson County Full-  
Time Health Officer, will speak.

## FINISHES TRYING JOB.

County Clerk James Owens on Fri-  
day finished making out the tax re-  
ceipts for Mason county, which was a  
very trying job, requiring much men-  
tal and physical labor, as there are  
500 different receipts. The work took  
Mr. Owens more than two months of  
steady writing.

Mr. George Wallingford, of the  
county, is very low, and little hope  
for his recovery is entertained.

Mr. C. A. Tucker, of Summit, con-  
tinues to be very low and his death  
is expected at any moment.

## FARMERS' CHAUTAUQUA

Plans Being Laid For Mason and  
Bracken To Have a Joint Meet-  
ing in August At Germantown

Plans are being made to hold a  
Farmers' Chautauqua at the German-  
town Fairgrounds in August for the  
joint benefit of the farmers of both  
Bracken and Mason counties.

County Demonstrator A. M. Casey is  
the prime leader in the project and is  
receiving favorable responses from all  
whom he has seen on the subject.  
Many of the farmers are very enthu-  
siastic over the venture. The Chautau-  
qua will start on Sunday, with ap-  
propriate ceremonies, and many dis-  
tinguished speakers.

On Monday they propose to have a  
Farmers' barbecue and on Tuesday a  
special program will be rendered, but  
full arrangements have not been com-  
pleted as yet.

All the leading farm implement  
manufacturers have been invited to  
exhibit their machines and no doubt  
they will take this opportunity to show  
their wares. The Jeffrey Lime Crush-  
er Company and the Wheeling Mold  
Company will probably have exhibits.

The Chautauqua will be given for  
the farmers of both counties and it  
will be strictly a farmers' affair.

deep, \$60 each; ten minutes from
